Terms

Ownership. The Writers jointly own the musical composition identified above in the percentages set out next to their names. The combined shares total 100%.

Registrations. Each Writer is responsible for registering their share with their own PRO and publisher. Each Writer agrees to supply accurate information for such registrations.

Administration. Each Writer administers their own share unless separately agreed in writing. No Writer may grant an exclusive licence covering the whole composition without the written consent of all Writers.

Sync & commercial use. Any synchronisation licence, advertising use, or other commercial use requires all Writers' written consent (email is sufficient).

Changes. These splits may only be amended by a further written agreement signed by all Writers.

Good faith. The Writers will deal with each other in good faith, share any relevant income-earning opportunities, and cooperate in the registration and administration of the song.

Governing law. This agreement is governed by the law of the jurisdiction in which the majority of Writers are resident, unless the Writers agree otherwise in writing.
